

RTG Energy Use

KSC Energy Conservation Program

	Oct	Nov	Dec	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep
FY02 Monthly Energy Cost	\$2,131	\$2,496	\$2,309	\$3,190	\$2,097	\$1,467	\$1,277	\$664	\$685			

DID YOU KNOW...

- The RTG costs Americans as much as **\$50 a day** in energy to operate.
- KSC has to reduce energy consumption in this type facility by 25% by the year 2010.
- Your Facility Manager needs your help to reduce energy consumption by 2% from last years levels.
- You should contact your Facility Manager if you see waste or have energy conservation suggestions. Your Facility Manager is Bill Pennington (Boeing, 7-0459) and your CPSM is Dave Board (NASA, 7-0471).
- Turning your personal computer, copiers, printers, desk lights, office lighting and fax machines off when you go home really add up to savings.
- Your Energy Managers are Doug Thom (Boeing, 7-0068) and Mike Milbert (NASA, 7-5097).
- This facility is consuming less energy this year compared to last year. Keep up the good work!
- A kWh equals 1000 watt-hours. Costs shown are based on actual utility rates.
- You can log on to <http://environmental.ksc.nasa.gov/> for energy tips.
